

ALLOW THE SKIN TO BREATHE...!

... for local application.

... for acute, preventive & curative purposes.

The AIRNERGY Stream is ideal for minor aches, discomforts, or irritations in everyday life and is designed for holistic external application. The AIRNERGY Stream is the consistent further development and complement to the AIRNERGY breathing devices (Spiro Vitalizers).

While AIRNERGY Spirovitalization enriches the user with energy from within, the AIRNERGY Stream uses comparable biotechnology to deliver energy transdermally — quite literally getting under the skin.

APPLICATION

The affected parts of the body can be "streamed" once to five times a day with the AIRNERGY Stream for 5 to 20 minutes. For this purpose, the device can simply be placed on the affected body parts or held.

The AIRNERGY Stream can be used for the following complaints:

- Joint problems such as hip, knee, shoulder, elbow, toe, foot, finger, wrist and spinal pain.
- Abdominal pain, headaches and migraines
- Bruises, sprains and burns
- Irritations of ears and sinuses, tinnitus and other ear complaints, eye problems, tooth and jaw pain as well as skin problems, cough, menstrual problems etc.

INFORMATION

Maintenance	maintenance-free
Warranty	2 years
Shipment includes	Stream USB power supply set, Transport bag, User manual
Optionally available	Hygienic protective covers, car adapter, connection cable for breathing device/ Stream
Article No. / EAN	<u>3013055 / 04262530480295</u>

TECHNICAL SPECIFICATIONS

USB Power supply unit	100-240V AC 50-60 Hz Out: 0.35 A
Power supply	5 V / 1.5 A
Power consumption	255 mAh
USB spiral cable	12 V / 0.3 A
Dimensions in mm	82 x 115 x 50 (W x H x D)
Weight incl. accessories	0.35 kg
